Teacher Training Record (Online – CBSE)

As part of the Central Board of Secondary Education's (CBSE) emphasis on Continuous Professional Development (CPD), our school has ensured full participation of all teaching staff in online training sessions during the academic year 2024-25. These trainings were conducted through official CBSE platforms, including the CBSE Training Portal, DIKSHA App, and various webinars hosted by Centres of Excellence (COEs). The training modules covered a wide range of topics such as subject enrichment, innovative pedagogical strategies, implementation of the National Education Policy (NEP) 2020, classroom assessment methods, and inclusive education practices.

All teachers have successfully completed the **Mandatory 50 hours of CPD training**, as prescribed by CBSE. The training sessions were designed to enhance professional competencies, upgrade subject knowledge, and improve teaching methodologies in line with current educational needs. Evidence of participation, including e-certificates, session records, and feedback reports, has been maintained and documented for verification.

This professional development initiative has significantly strengthened our faculty's ability to deliver quality education, integrate digital tools effectively in teaching, and align classroom practices with national standards. The school remains committed to continuous learning and growth, ensuring that all educators are equipped to provide students with a well-rounded and future-ready education.
